

LOVLESH KUMAR POKRA

Full Stack JavaScript Developer

WORK EXPERIENCE

2020
2018

Software Developer

At Pratham Software

My role best defines the involvement in the entire application lifecycle, focusing on coding and debugging. Worked with multipurpose codebases that can work client and server-side with different applications. I was also involved in Research and Development of new technologies like AR/VR.

2017 - 2018

Associate Software Developer

At DeCurtis Corporation

I was responsible for creating JavaScript-based interactive web and mobile application modules to support a range of devices that have multi-theme and multilingual support also involving quality assurance and web performance and that can fit into the micro-service architecture.

2015 - 2017

UI Developer

At Cynosure Technologies (P) Ltd.

My role was to develop web and mobile applications with rich user experience. I have designed various Business Portfolio Websites, E-Commerce Websites, Business Software Solutions and Mobile Applications by working with a great team.

EDUCATION

2018 - 2020

PGDM-IT

At Symbiosis International University - DL
In Information Technology Management

2011 - 2015

B. Tech. (Honours)

At Rajasthan Technical University
In Computer Science and Engineering

WHY ME?

I am an experienced full-stack JavaScript developer with a passion for software architecture. I have worked on software development from ideation to deployment. I can help with designing the system architecture, development, and deployment.

I really enjoy creating web, scalable and resilient applications with well-known JavaScript/TypeScript frameworks and libraries and love challenges, learning new technologies as much as I can.
